
ABOUT OUR DAY CAMP

CAMPER GROUPS

Your child's individual needs and safety are a priority to us. Our groups are kept small to ensure lots of individual attention. Each camper's skills are evaluated on the first day of camp, and they are placed into groups based on similar levels of experience and confidence.

Absolute beginners are welcome!

STAFF

We pride ourselves in the quality of our staff. Every member is selected for their experience both as riding instructors and their suitability as excellent role models for our young campers. Each brings her own special sense of fun and creativity to share with their campers.

HORSES AND PONIES

We are a private riding facility and our horses and ponies are stabled here throughout the year. You can be confident knowing our campers are riding patient, gentle professional "School Masters" who enjoy their jobs. Every camper will find a special horse or pony they can love and learn from!

HORSE ACTIVITIES

We offer a fun-filled and instructional program combining a variety of activities designed to delight any young horse enthusiast. Every day includes riding lessons, mounted games, horsemanship, horse care, barn chores and the always-popular horse crafts.

TYPICAL CAMP DAY

- When they arrive each morning, our campers will be assigned their "own" horse or pony. We are sure campers will make a connection and create many cherished memories with their mount.
- Campers will learn about horsemanship, including confident horse care and safety practices. With a partner/helper, they'll learn to brush, lead, halter, saddle, feed and clean up after their pony as well as every day equine first aid and daily barn activities. Together they will learn, work and laugh as they discover the joy and responsibility that comes from the relationship that develops between a horse or pony and his rider.
- Each day our campers will participate in a 60-minute riding lesson. Campers will be taught the fundamentals of English riding and how to handle their horse or pony with confidence. Their delight in their accomplishments grows each day.
- Each afternoon, the camp riders relax together and enjoy arts and crafts projects related to horses and horsemanship. This is a wonderful opportunity to wind down the day, make friends and bring home a treasure!
